COFFEE

ABOUT OUR COFFEE

We care a lot about coffee, so we have teamed up with PAGA - a micro roastery based in the heart of Bangkok. PAGA was founded by Gabriel Carol, a long-time coffee professional and multiple champion of national competitions and awarded at world stages (2017, 2018 Romania National; 2018 9th in the world).

When the coffee beans arrive at the roastery, they are roasted in PAGA's Loring Smart Roaster (S7 Nighthawk).

Enjoy.

SPECIALITY TEA

ABOUT OUR MATCHA

At Bartels, we always choose the best ingredients for our guests. That's why we've chosen ceremonial-grade matcha from Shibushi, Kagoshima—one of Japan's richest tea regions, renowned for its clean environment and fertile volcanic soil, where our matcha is cultivated safely and sustainably.

Each batch is stone-milled from young, shade-grown leaves, producing a vibrant green color, smooth body, and rich umami flavor.

Our matcha is traditionally crafted for ceremonial-style whisking and is perfect both on its own and in our signature creations that honor the spirit of Japanese tea culture.

OUR HOUSEMADE SOURDOUGH BREAD

SOURDOUGH BREAD FOR TAKE AWAY & DELIVERY

All our bread is made in-house by hand only with help from our big mixers.

The dough is leavened using sourdough only - also known as wild yeast or natural fermentation. No hybrids. No yeast. No cheating.

We work with a high-hydration dough, which is more difficult to handle, but the final result is a superior, juicy loaf that stays fresh longer.

The dough goes through a 24-48 hour process, giving the sourdough time to break down the flour and making it easier for your body to digest.

Our methods and the slow fermentation result in a fantastic light, fluffy texture with the classic sourdough chewiness.

Our techniques and the sourdough method results in a healthier bread with a whole lot of personality.

We hope you like it.
